Travis:

I have no phone logs b/w. you and me about the decision to defer to RCRA. Looks like Tom Schaffner found out about PA/VS1 when he called the facility contact. You had told Steve they were a protective filer but from the PA/VS1 there was no evidence they were a protective filer. They were a TSD from 1980 - 1984. I probably discussed this with Tom and you and we decided to do a deferral recommendation but I didn't write a phone log. No mention of 103(c) in our memo.
